EXPERIENCE

10 Minute School (Intern) — Front End Developer

Site: 10minuteschool.com

January 2021 - June 2021

- 10-minute school is an online learning platform, teaching thousands of students every day.
- I was responsible for making promotional banners, sliders & content for their website using HTML, CSS & JavaScript.
- I was also responsible for updating their site with new courses using WordPress

Upwork (Freelancer) — WordPress Developer

September 2020 - February 2021

- I have worked as a freelancer for a short time, I was a WordPress developer & designer.
- I have developed many small projects for clients like custom form, pdf generator, product review system, JSON graph generator, etc.
- I have also developed web pages using WordPress page builders & converted static web pages to WordPress themes.
